Subject: site meeting

Hello all

Thank you for attending the site meeting for Tender 2017-01 McLaughlin Auditorium. Just one change from the plans for this project –

On drawing A2.2 delete note # 11 “remove and replace existing ceiling tiles, grid to remain, clean as required. This is not a part of the contract.

You have all been sent an Addendum #1, regarding the installation of drywall on the ceiling in the auditorium.

This email communication from me will be my last, any questions following this email, please send to Opladmin@oshawalibrary.on.ca and they will be answered as a group email. Should you decide to withdraw from the bidding, please let Stephanie know at this email address and she will remove you from the group.

Thank you,

Joanne
