### **Question 1:**

I was at the meeting today (Feb 24th) and I signed in (I was actually the first to sign in and I even re-traced over my sign in because the pen originally didn't work very well). I was still taking extra pictures around the outside of the building and when I came back to the door it was closed and I couldn't see anyone with the sheet to enter my Time Out. I am from Rubicon General Contracting, Rob Gilbert, as per the sign in sheet. Do I have to go back on Friday February 27th to enter a sign out time or will my attendance be accepted as is. Thanks

### **Answer 1:**

Yes - your acceptance will be accepted as is.
