Service Faucet Hose

This Janitorial cabinet provides versatile and reliable storage.

It features three shelves, making it ideal for organizing various cleaning supplies, from sponges and rags to heavy-duty cleaners and brushes. Built with all-welded steel, this cabinet is highly durable and includes a secure locking handle for added security.

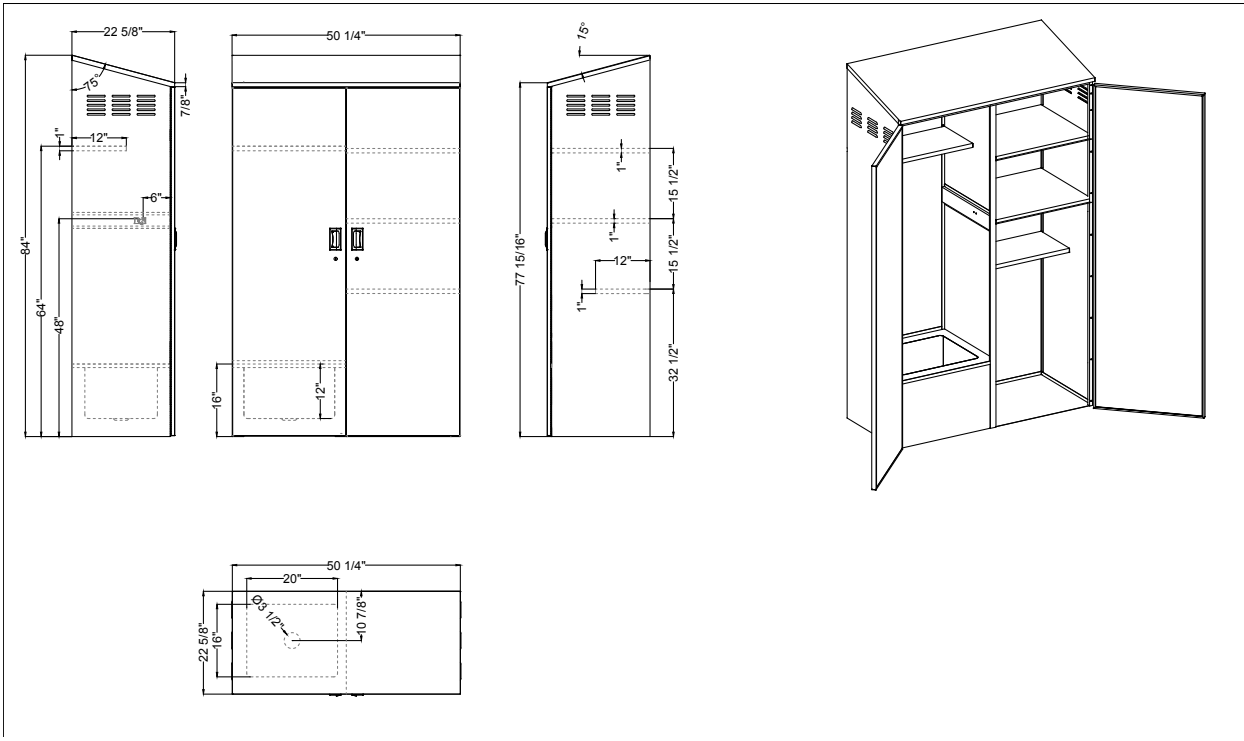

Additionally, the cabinet has a mop sink and extra-tall space for storing brooms, mops, and vacuums. It can be opened from the back. Reinforced door stiffeners ensure it can handle heavy-duty use. This cabinet is both practical and eco-friendly, making it a great choice for efficient and sustainable storage.
